Achievements

- I organized IGCSE past examination questions (spanning 10 years) into topical themes and linked them to their solutions. This enhanced tutorials and classroom exercise.
- I was in charge of organizing, conducting and administering terminal exams.
- I scored student responses and performed test item analysis to understand examination difficulty as against student performance.

Key Skills

- Use online resource for effective teaching and learning
- Microsoft Office: word, excel, power point etc.
- Use Latex for quality typesetting
- Good knowledge in engineering programming software; Python, Matlab, HTML/CSS
- Apply multimedia contents in teaching to enhance student understanding
- Ability to work effectively in a collaborative environment
- Dynamic, motivated and a self-starter with a hard working approach
- Excellent interpersonal skills (a team player)

Personal Information
