### BIO

---

Having worked as a teacher with the Ghana Education Service for all these years, I have acquired enormous knowledge and expertise in teaching, administration including leadership in curriculum and school based health coordination.

I also have a worth of knowledge in child care and social work involving advocacy for vulnerable children and persons living with disabilities. My focus is to bring to bear these in any institution bearing in mind contextualized issues in global education and school management.

### SKILLS

---

1. Multi-disciplinary, reliable team player.
2. Able to create a workable schedule to meet deadlines efficiently.
3. Major strengths in planning, problem solving and communication.
4. Computer literate.
